

## Dogs are Fun

Ted and Jack both have a dog. Ted has had his dog for ten years. Jack did not have a dog back then, but now he has a pet too.

Ted has a fat dog, Sid. Sid is fat now, but when he was a pup, he was not fat, he was thin. Sid is such a wonderful pet!

Jack now has a pup, Zip, and it is a lot of fun. When Jack has Zip up on his lap, the pup nips him on his neck or chin. It licks him too.

Ted and Jack do a lot with Zip and Sid. One day, they had them on a path. Zip would run on the path, but Sid

would sit and rest. Zip dug in the path. Then he did a dash up and down the path. Then he sat in thick mud.

When Ted and Jack got back home, Jack put Zip in the tub for a bath. Zip did not want to get wet, but he did. Zip did a quick dash out of the tub and both boys got wet too.

Ted and Jack have so much fun with the dogs. Do you wish that you had a pet dog too?
